Imagination

Imagine yourself as a bird in the sky  
The wind in your face and it feels so nice  
Whooooo... imagination

Everywhere you go there is love in the air  
people all around, they don't have a care  
It's a beautiful sight to see  
Come take a flight with me

Yeah Imagination  
come on come on Ooh Yeah  
Imagination  
come on come on give it to me  
Imagine...

Imagine a place where there's no need to cry  
A place where only beauty lies  
Whooooo... imagination  
Everywhere you go there is paradise  
A rainbow so pretty, the sun so bright  
It's a beautiful sight to see  
Come take a flight with me

Yeah Imagination  
come on come on Ooh Yeah  
Imagination  
come on come on give it to me  
Imagine...

Yeah Imagination  
come on come on Ooh Yeah  
Imagination  
come on come on give it to me  
Imagine...
