Milky Chance

You know, when you're addicted, umm you don't like the word add
icted
You know, you take
That was the start of, of me starting to face up to the fact th
at I was addicted, you know, it
Don't think you do
To think that it
You know, when you're addicted, and
It was a hell for me
You know, when you're addicted, and
Think, well, at least she knows now
You know, and also, I felt that, you know, she was gonna be my
future wife
And, I mean she probably wouldn't when I'm in the situation
So after you had that conversation
Future wife
Future wife
To think about it
