

# What Did You Mean By Love

Milky Chance

Love, what did you mean by love?  
Is that the word you meant to whisper  
With kisses down her neck?  
Love, what did you mean by that?  
And what did you expect would happen?  
She'd pat you on the back, stand up and start slow clappin'?

Love, what did you mean by love?  
You must've meant "like you strongly" (Yeah)  
Unless you meant "just your body" just enough to  
Stay, but not enough to fall  
Instead of givin' up  
What did you mean by love?

Hope, what did you mean you "hope so"?  
Did you mean you were less than likely  
To head over your heels, because your heart was  
Just not there?  
That's what you could've said (Yeah, yeah)  
No hieroglyphics to decipher  
No beating round the bush, just set the bush on fire but

Love, what did you mean by love?  
I think you meant "see you later" (Yeah)  
"It's really been a bunch of fun but now it's done"  
I know, you probably have to go  
But I'd still like to know, what did you mean by

Love?  
What did you mean?  
What did you mean?  
When you said  
Love?  
What did you mean when you said love?

Love, it's more than just a word  
You thought that you could test the waters  
Droppin' the atom bomb, well, now the water's turnin'

Red, and all the fish are dead  
Floatin' around my head  
With all the other things I could have said to make you  
See, just what you mean to me, but  
The damage has been done  
What did you mean by

Love?  
What did you mean?  
What did you mean?  
When you said  
Love?  
What did you mean when you said love?  
Love?  
What did you mean?  
What did you mean?  
When you said  
Love?

What did you mean when you said love?
