

Da Strike

Millencolin

You strike get pissed that is just the way it is use your nose to the melancholy funk sound we are just a couple of local bowlers hangin' out tonight leavin' all the girls behind.

So what's a girl compared to a perfect game I guess a lot if you find the right one if I had to choose between a bowl and you I'm not tellin' you you're taking it the wrong way

I love the feeling that I get when I strike thats the only time I feel alive don't need you babe just need to strike I love the feeling that I get when I strike

You are in trance when you slick into the area you pass the sa when you're taking off your pumas the way we bowl is cleaner then the other styles it's pro but they say we're doin' it the wrong way.

So I guess you must be crazy to be bowlin' like we do it's cool we're doin' it our own way no fools no girls just the rude boys from the south kickin' it slickin' it trickin' it again.

Yes thats right bowlin' is alright the only time I feel alive is when I'm hangin' at the A-house that's right pass me those shoes I'm ready for the perfect game so watch me shoot.

If you get upset and you don't understand it's quite alright just follow your instincts physical activity is the way to free your mind so get on your feet and bowl to the funky beat.
