## Millionaires

I met ya back in high school, high school  
At parties you were so cool, so cool  
Always in a girls hand, girls hand  
But I just wanna, I wanna tell you that

You're meant for me, we belong together  
Just wait and see, it's you and me forever  
You're what I need when I'm under the weather  
All in black, I'm the lace to your leather

Jack, oh Jack  
You're everywhere I go  
At my house, at my show  
Jack, oh Jack  
I taste you on my lips  
You get me warmer down below

Jack, oh Jack  
You're everywhere I go  
At my house, at my show  
Jack, oh Jack  
I taste you on my lips  
You get me warmer down below

You're the life of the party, party  
Getting me all naughty, naughty  
I never wanna share you, share you  
But I'll just have to make, I'll have to make do

You're meant for me, we belong together  
Just wait and see, it's you and me forever  
You're what I need when I'm under the weather  
All in black, I'm the lace to your leather

Jack, oh Jack  
You're everywhere I go  
At my house, at my show  
Jack, oh Jack  
I taste you on my lips  
You get me warmer down below

Jack, oh Jack  
You're everywhere I go  
At my house, at my show  
Jack, oh Jack  
I taste you on my lips  
You get me warmer down below

Jack, oh Jack  
Oh  
Jack, oh Jack  
Oh  
Jack, oh Jack  
Oh  
Jack, oh Jack  
Oh

Jack, oh Jack  
You're everywhere I go  
At my house, at my show  
Jack, oh Jack  
I taste you on my lips  
You get me warmer down below

Jack, oh Jack  
You're everywhere I go  
At my house, at my show  
Jack, oh Jack  
I taste you on my lips  
You get me warmer down below
