

## Just Got Paid, Let's Get Laid

Millionaires

Welcome to my life fuckin VIP  
You see I see you lookin' at me  
High rollin' on the side got them drinks raise 'em high  
Boy with tats is my guy now let's take it to the sky  
In the Helli raisin hell your boys blowin' up my cell  
While he's grabbin' on my ass open bar we're gettin' trashed  
In my 5 star suite bitch we can't be beat  
We got 5 boys each hoe you know me!

Cause I just paid  
Let's get laid

I dropped 2 stacks on this dress & it's comin' off later  
With a pro skater or maybe with this waiter  
And he said we'll head home popping bottles of Patron  
With my tone on his phone all the callers unknown  
In the Millionaire world shits turned around  
It's the boys that drop their knees to the ground  
Cause they know I'm in this band & I know they my fan  
Give a cent he takes a grand TAKE THAT RING OFF MY FUCKING HAND

Cause I just paid  
Let's get laid

My life is now [flash flash] uhh paparazzi  
Shawty with a hotty  
It's the life you dream  
GOD those girls are sooo annoying  
Ya they're like totally ruinin' music  
You think you'll get famous taking pictures for free!  
Think AGAIN bitch maybe you should do it like me  
Can you believe I get paid to shake my ass on stage  
We're getting drunk everyday you're makin' minimum wage  
We live the life you wish bitch don't say shit!  
No talent just lucky but they still wanna fuck me!

Cause I just paid  
Let's get laid
