

Kitty Go Hello

Millionaires

Party under the sheets, I make you beg
Never going to leave my king size bed
If you give me a treat, I'll be your pet
You make my, you make my, you make my kitty go hello

I'm trippin', cat nippin'
So wet we skinny dippin'
Stop talking, just listen
And show me what your givin'

Bow in my hair, I make 'em stop and stare
Red on my lips leaving kisses everywhere
No time to waste, just give it to me straight
Got an appetite, boy I need to you on my plate

Party under the sheets, I make you beg
Never going to leave my king size bed
If you give me a treat, I'll be your pet
You make my, you make my, you make my kitty go hello
I'll be taking it off, you make me purr
Turn the temperature up, until we burn
We'll be going all night and taking turns
You make my, you make my, you make my kitty go
Hell-O-O-O
You got me feeling so
OH-OH-OH-OH
You make my kitty go
Hell-O-O-O
You got me feeling so
You make my, you make my, you make my kitty go hello

We're clickin', I'm lickin'
My lips, they need some friction
I'm frisky, I frisk him
You know you're my addiction

Bow in my hair, I make 'em stop and stare
What we got is raw babe, you know I like it rare
No time to waste, just give it to me straight
Boy I'm in heat and you know I'm worth the wait

Party under the sheets, I make you beg
Never going to leave my king size bed
If you give me a treat, I'll be your pet
You make my, you make my, you make my kitty go hello
I'll be taking it off, you make me purr
Turn the temperature up, until we burn
We'll be going all night and taking turns
You make my, you make my, you make my kitty go
Hell-O-O-O
You got me feeling so
OH-OH-OH-OH
You make my kitty go
Hell-O-O-O
You got me feeling so
You make my, you make my, you make my kitty go hello

Ohhhhhhhh
