

# Be Good To Me

Milo Greene

Tell me where you wanna go  
And I will follow you  
You're my everything  
See you lying on the floor  
And I lay next to you  
Put your head on me

So be good to me  
Be good to me  
'Cause I give everything

I saw you singing at Bardot  
On 7th street  
You never took your eyes off me  
I hear your voice when I'm alone  
And I breathe heavier  
I feel everything

So be good to me  
Be good to me  
'Cause I give everything

And if your door is closing  
I will keep it open  
And when your mind is racing  
I will show you patience  
And as we get older  
I'll only hold you closer  
And if your heart is aching  
It won't be me that breaks it

So be good to me  
Be good to me  
'Cause I give everything  
So be good to me  
Be good to me

Be good to me  
Be good to me  
'Cause I give everything  
So be good to me  
Be good to me
