

# Move

Milo Greene

Stop, don't move  
Got my eyes on the face of the danger in you  
And I want to  
Be the one that can change up the pace of the room

Live if you wanna, die if you like  
We could be the last ones left alive

All your other lovers wanna dance with you  
But I'm the only one who makes you want to move  
All your other lovers wanna dance with you  
But I'm the only one who makes you want to move  
I'm the only one, I'm the only one

Make me wait  
And you're haunting my sleep so I'll stay awake  
Yet you know I'm around  
But you play like I'm already dirt in the ground

I could be your fight, I could be your flight  
We could be the last ones left alive

All your other lovers wanna dance with you  
But I'm the only one who makes you want to move  
All your other lovers wanna dance with you  
But I'm the only one who makes you want to move  
I'm the only one, I'm the only one

Live if you wanna, die if you like  
We could be the last ones left alive

All your other lovers wanna dance with you  
But I'm the only one who makes you want to move  
All your other lovers wanna dance with you  
But I'm the only one who makes you want to move  
All your other lovers wanna dance with you  
But I'm the only one who makes you want to move  
All your other lovers wanna dance with you  
But I'm the only one who makes you want to move  
I'm the only one, I'm the only one
