

## As Good As It Gets (Ein Geschenk)

Milow

If it wasn't for you I'd be nowhere, like music without any song  
If it wasn't for you I'd unravel instead, spinning me out of control  
If it wasn't for you I'd be floating in space, satellite lost in the sky  
If it wasn't for you I'd be wasting away, living an unknown why

You're my favourite  
I'm just so glad that we've made it  
You're the pin in my grenade  
I hope that I'll never forget  
You're right here, all of the clouds disappear  
I'm singing out loud when you're near  
I have no regrets  
You're as good as it gets

If it wasn't for you I'd go crazy, watching the sun till I'm blind  
If it wasn't for you I'd get lost in my head, till I was out of my mind  
If it wasn't for you I'd be racing these streets, reckless and closing my eyes  
If it wasn't for you I'd be stuck on repeat, living an unknown why

You're my favourite  
I'm just so glad that we've made it  
You're the pin in my grenade  
I hope that I'll never forget  
You're right here, all of the clouds disappear  
I'm singing out loud when you're near  
I have no regrets  
You're as good as it gets

You're my favourite  
I'm just so glad that we've made it  
You're the pin in my grenade  
I hope that I'll never forget  
Right here, all of the clouds disappear  
I'm singing out loud when you're near  
I have no regrets  
You're as good as it gets

You're as good as it gets
