

DeLorean

Milow

(Get, get, get in my DeLorean)

Me and my DeLorean at your door
With no particular place to go
What a little love, what a little love
What a little love can do

I got a time machine with a trunk full of dreams
Baby, I'm dyin' to know
What a little love, what a little love
What a little love can do

Hold on darling
Won't you stay with me?
Yeah, hold on darling
And get in my DeLorean

Ride with me, ride with me
Me and my DeLorean
There's better days ahead
For me and you

C'mon, fly with me, fly with me
Get in my DeLorean
You'll be amazed, baby
What my love can do

Might knock on our heels against, spinnin' our wheels
And it feels like we're stuck in the mud
What a little love, what a little love
What a little love can do

Don't you worry a thing, we'll just open the wings
You and I will rise above
What a little love, what a little love
What a little love can do

Hold on darling
Get in my DeLorean

Ride with me, ride with me
Me and my DeLorean
There's better days ahead
For me and you

C'mon, fly with me, fly with me
Get in my DeLorean
You'll be amazed, baby
What my love can do

What my love can do
What my love can do
You'll be amazed, baby
What my love can do, oh, oh

Get in, get in, get in, get in my
Get in my, get in my DeLorean

Get in, get in, get in, get in my
Get in my, get in my DeLorean
Get in, get in, get in, get in my
Get in my, get in my DeLorean

(Ride with me, ride with me)
Off to a future, glorious
There's better days ahead
For me and you

C'mon, fly with me, fly with me
Get in my DeLorean
You'll be amazed, baby
What my love can do

What my love can do

Get in, get in, get in, get in my
Get in my, get in my DeLorean
Get in, get in, get in, get in my
Get in my, get in my DeLorean
