

# One By One

Milow

I remember every heartbreak  
Every love that wasn't there  
And that made it easy to pretend  
Pretend I didn't care  
I remember all the disappointment  
Every door slammed in my face  
And I thought when I was younger they'd be  
Easy to erase

I took all my failures  
And turned them to songs  
And I wrote them  
One by one by one by one by one

When you waltzed into the picture  
I didn't think I was enough  
I saw myself a traveler trying to  
Fix his wanderlust  
And I had so many questions  
Just like everybody does  
When I asked life for an answer I was  
Not expecting us

You took all my demons  
And turned them to dust  
And you did it  
One by one by one by one by one

Oh if you're asking me  
Where do we go from here  
Oh if you're asking me  
Where do we go from here

Then I have to take a moment  
Cause the future isn't clear  
And in my life the ones I love  
They tend to disappear

Let's live out our futures  
All rolled into one  
The truth is the brightest  
Might be yet to come  
We can live them  
One by one by one by one by one  
We can live them  
One by one by one until we're gone

One by one by one one by one  
One by one  
One by one by one one by one  
Until we're gone
