

So, you say you gotta leave
Got somewhere else to be
God only knows where you're bound
Oh, well that was awful quick
I was just getting used to this
And always having you around

With the boys in the band
All aboard the bus
To the promised land

Bang bang bang stake your claim
To the throne waiting for you
At the Hall of Fame
One two three four on the floor
On a highway to Heaven
Knocking on Hell's door with you
What a ride with you
It's always more with you
When we ride with you

Oh, where do drummers go
When they run off with the show
A classic rock'n'roll story
You sure took it to the max
But you always had my back
May you go out in a blaze of glory

With the boys in the band
All aboard the bus
To the promised land

Bang bang bang stake your claim
To the throne waiting for you
At the Hall of Fame
One two three four on the floor
On a highway to Heaven
Knocking on Hell's door with you
What a ride with you
It's always more with you
One last ride with you
