

# Before I Go

Mimi Webb

Before I go  
Won't you lay me down put your hands all on me?  
Hold me close  
Before another night on my own

Body sideways, teenage lightweights, dancing round the streets  
Friday nights are burning brighter, another memory  
Something I could hold onto when I'm missing your face  
When I can hear somebody else calling your name  
But you wouldn't know you got me feeling this way, oh oh

Oh, before I go  
Won't you lay me down put your hands all on me?  
Hold me close  
Before another night on my own  
'Cause I don't know how but I miss you already  
I try to I try but I know  
Before I go  
Before another night on my own

Body aching, heart is shaking, can't walk out the door  
I don't wanna face the drive without you any more  
Something I could hold onto when I'm missing your face  
When I can hear somebody else calling your name  
But you wouldn't know you got me feeling this way, oh oh

Oh, before I go  
Won't you lay me down put your hands all on me?  
Hold me close  
Before another night on my own  
'Cause I don't know how but I miss you already  
I try to I try but I know  
Before I go  
Before another night on my own

I won't leave you on your own  
Say you'll never leave me, say you'll never leave me on my own  
Before another night on my own

Oh, before I go  
Won't you lay me down put your hands all on me?  
Hold me close (oh boy)  
Before another night on my own  
'Cause I don't know how but I miss you already  
I try to I try but I know  
Before I go  
Before another night on my own

I won't leave you on your own  
Say you'll never leave me, say you'll never leave me on my own  
Say you'll never leave me, say you'll never leave me on my own  
Say you'll never leave me, say you'll never leave me on my own  
Before another night on my own
