

# Confessions

Mimi Webb

Unexpected turn of events  
No one saw it ending like this  
Fed up playin' pretty pretend  
Don't say it's all in my head

Crowded rooms get lonely, they don't know me  
Thinking that they know me, but if only  
They knew I'm livin' two lives, hard to choose sides  
When does it end?

Wish that I could be myself just even half the time  
Wish there was a mirror where I wouldn't have to lie  
Holdin' in resentment, screamin' at the heavens  
When will these tears run dry?  
Wish there was a world that I didn't have to hide  
My confessions

(Ah-ah-ah-ah)  
(Ah-ah-ah-ah) My confessions  
(Ah-ah-ah-ah)  
(Ah-ah-ah-ah)

It's only me when the sun goes down  
Try to breathe and I don't look down  
Yeah, I bleed when I hit the ground  
Save all your tears for me now

Crowded rooms get lonely, they don't know me  
Thinking that they know me, but if only  
They knew I'm livin' two lives, hard to choose sides  
When does it end?

Wish that I could be myself just even half the time  
Wish there was a mirror where I wouldn't have to lie  
Holdin' in resentment, screamin' at the heavens  
When will these tears run dry?  
Wish there was a world that I didn't have to hide  
My confessions

(Ah-ah-ah-ah) My confessions  
(Ah-ah-ah-ah)
