

# Halfway

Mimi Webb

There was a time that I wanted you forever  
There was a time when it all made sense  
I'm still hoping that it could get better  
Does forever have to come to an end?  
And I'm thinking 'bout who I'll be without you  
In the middle of the bed we made  
Now I'm walking on the edge when I'm around you  
How could love make you feel this way?

Am I too scared to leave?

I'm halfway to letting you go, when our path breaks, I'm scared of alone  
Five years of knowing that you were the one  
Taught me to walk, now I'm ready to run  
Run fast, hold the door, I'm sorry but I need more  
I can't believe that I'm getting this close  
Halfway to freedom, I'm halfway to letting you

Go, time to let go  
I'm halfway to letting you  
Go, time to let go  
Halfway to letting you go

Got the strength, got the will, got the reason  
Got a coat with the bags all packed  
And I guess I gotta go with the feeling  
But if I go then I can't come back

Am I too scared to leave?

I'm halfway to letting you go, when our path breaks, I'm scared of alone  
Five years of knowing that you were the one  
Taught me to walk, now I'm ready to run  
Run fast, hold the door, I'm sorry but I need more  
I can't believe that I'm getting this close  
Halfway to freedom, I'm halfway to letting you

Go, time to let go  
I'm halfway to letting you  
Go, time to let go  
Halfway to letting you go

Got the strength, got the will, got the reason  
Got a coat with the bags all packed  
And I guess I gotta go with the feeling  
But if I go then I can't come back  
I can't come back

I'm halfway to letting you go, when our path breaks, I'm scared of alone  
Five years of knowing that you were the one  
Taught me to walk, now I'm ready to run  
Run fast, hold the door, I'm sorry but I need more  
I can't believe that I'm getting this close  
Halfway to freedom, I'm halfway to letting you

Go, time to let go  
I'm halfway to letting you

Go, time to let go  
I'm halfway to letting you
