

## Rom Com

Mimi Webb

I've never had the guy on the lawn with a boombox  
Don't know who love actually is  
No crazy, stupid love and no sixteen candles  
Still waiting on that New Year's Eve kiss (Ooh)

'Cause all I've been is bruised  
Broken down and used  
The joke inside a pun (Ooh-ooh)  
I pray for somethin' deep  
To sweep me off my feet  
But it still hasn't been done  
'Cause

I found the one a hundred times  
Turns out they're all one in the same  
They love the chase, it's all so fun  
Until they all complete the game  
I'm pickin' petals off of roses everyday  
Put a little more stay, a little less gone  
A little less pain, a little more rom-com

I ride the tube  
I trip, I fall on a stranger (Stranger)  
Hoping they will fall for me too  
I call my friend's brothers and ask what they're doing (They're doing)  
To try and find something new (Ooh)

'Cause all I've been is bruised  
Broken down and used  
The joke inside a pun (Ooh-ooh)  
I pray for somethin' deep  
To sweep me off my feet  
But it still hasn't been done  
'Cause

I found the one a hundred times  
Turns out they're all one in the same  
They love the chase, it's all so fun  
Until they all complete the game  
I'm pickin' petals off of roses everyday  
Put a little more stay, a little less gone  
A little less pain, a little more rom-

Cute to be in it, just for a minute  
To say that I did it  
Felt love just like a rom-com  
Cute to be in it, just for a minute  
To say that I did it  
Felt love just like a rom-com

I found the one a hundred times  
Turns out they're all one in the same  
They love the chase, it's all so fun  
Until they all complete the game  
I'm pickin' petals off of roses everyday  
Put a little more stay, a little less gone  
A little less pain, a little more rom-com

A little more stay, a little less gone  
A little less pain, a little more rom-com

And I know, I'm gone  
I'm a rom-com
