

Dangerous

MIMS

She is dangerous
But ain't nobody else flyer than her
Now I'm inlove, and I'm caught up
Cause ain't nobody else do what she does
She got me saying la la la la la (la la la la la)
She got me saying la la la la la (la la la la la)

Now tell me have you ever been with somebody
who's been with everybody
know where but every promoter and every party
every ball player, every rap star
every drug dealer in the hood with a fast car
They try to warn you not to mess with her
But this shawty got you convinced, you the best nigga
please, now you lookin like the next nigger
you lost your manhood say it with your chest nigger

Philo talk you confess to her
And forget what them niggas say you see the best in her
so you invest in her nothing less than "uhh"
6 figures but them of a nigga sex in her
(Let's go)

She is dangerous
But ain't nobody else flyer than her
Now I'm inlove, and I'm caught up
Cause ain't nobody else do what she does
She got me saying la la la la la (la la la la la)
She got me saying la la la la la (la la la la la)

Never trust a big butt and a smile
And shawty you got a mouth full of whites and an ass for miles
Matter fact she prolly got the fattest ass in town
And with a couple quarterbacks she've been passed around
Her face bangin' uh her body bangin'
that's prolly why her jeans made me fitter like leggings
I'm talking bout' that dvd poison, lethal poison
mixed with love potion
complete receipt precaution
Cause once you get it all in
She gon'get you lost and
Think'll go to Boston
She gon` get it allllll in
But yea my body is callin
And when it's said and done you
You'll be singing the same song

She is dangerous
But ain't nobody else flyer than her
Now I'm inlove, and I'm caught up
Cause ain't nobody else do what she does
She got me saying la la la la la (la la la la la)
She got me saying la la la la la (la la la la la)

She is dangerous
But ain't nobody else flyer than her

Now I'm inlove, and I'm caught up
Cause ain't nobody else do what she does
She got me saying la la la la la (la la la la la)
She got me saying la la la la la (la la la la la)

She is dangerous
But ain't nobody else flyer than her
Now I'm inlove, and I'm caught up
Cause ain't nobody else do what she does
She got me saying la la la la la (la la la la la)
She got me saying la la la la la (la la la la la)

She is dangerous
But ain't nobody else flyer than her
Now I'm inlove, and I'm caught up
