

# Tiger bay

Mina

Walked away  
From the love I gave on Tiger Baby  
Walked away  
From the love I gave on Tiger Bay  
Tiger Bay  
Over - board just blew it away I said  
I couldn't hide  
Couldn't fight the love I had inside  
Tiger Bay  
For the love I gave he turned away  
Tiger Bay  
For the love I gave him he turned

Walkin' out on me at Tiger Bay  
Wasn't quite like you  
Quite like you  
Did you mean to do it did you need to  
Try out somethin' new  
Somethin' new  
I was thinkin' 'bout our deep sea divin'  
Burning love surviving  
And the sun was beatin' down  
On us the heat was overpowering  
Overpowering

Didn't see your reason for  
I'd given you more than enough  
More than enough  
Try a come back with your diverse ways  
You're gonna find it rough  
Find it rough  
Apart from leavin' me like that  
You could have talked it over but for you  
It's easier to turn and walk  
Walk away  
Walk away from Tiger

Tiger Bay  
Couldn't stay on Tiger Bay  
Throwin' love away  
Told you I couldn't hide  
On Tiger Bay  
Couldn't fight the love I had inside  
Tiger Bay there I lay  
Turned away  
Could I fight the love I had and gave  
You could have stayed for just one  
More day

Askin' not to leave me  
Was like sayin' don't come back again  
Back again  
Even though the weves are cryin' out  
  
I'm not listenin' to them  
Listenin' to them  
Making up my mind I gave in

To your thoughts unkind in every way  
It's hard to watch you making for the road  
It's easier to turn and walk  
Walk away  
Walk away from Tiger
