

# #1 Girl

## Mindless Behavior

I see ya shawty  
All by yourself over there  
It's okay I know you're scared  
But this here's a party  
So let's get down

You came with your girls  
Just broke up with your boy  
No telling what he's doing  
It's okay girl I got you now  
Step on up we gonna work this out  
So let the music play  
Don't ya get it babe  
It's showtime  
3 seconds I can make you mine

We're startin' out with three,  
Don't worry bout a thing  
We gonna take it down to two,  
Now it's just me and you  
You can be my #1 girl,  
That's right  
Be my #1, be my #1, be my #1  
Girl (7x)
