## Mindless Behavior

Shawty, let's hook it up

M-B on my necklace, J's on my feet  
Money on my mind BPM on the beat  
Yeah cop this when it leaks  
Four bars in the intro

Baby what's good?  
Video chat again  
You look cute  
I miss you, is that your friend?  
Tell her my boy said wassup (wassup)  
He's standing right here  
Put her face on the camera  
So he can get at her

Uh-oh somebody's acting shy, why?  
Do she already got a boyfriend?  
You know I always keep it fly, why?  
'Cause I rep M-B shawty!

You can bring your friends and I can bring my friends  
Let the party begin, begin, begin  
You can bring you friends and I can bring my friends

Skaters and ballers jerkin' see that, hysteria
