Alienating Our Audience

Mindless Self Indulgence

Some of the shit I say
May not be vocalised
Personal calender eye
Makeing my boner arise
I'm big enough to put you down
I ain't fucking around
I'll battle you pound for pound
Sick of me now?
Before I start

Alienating my audience
One fucker at a time
Alienating my audience
One fucker at a time

Will this person ever learn?

Nothing I say is Wrong (2x)
