

Issues

Mindless Self Indulgence

I'd rather fuck you than kiss you (kiss you)
But I won't press the issue
You know what I need is (I need, I need)
And you're never gonna be it (be it)
I should've hesitated
When we were inebriated
So unsophisticated (-cated)
Too late to be debated now

R: It's 3 A.M.
she won't put out
Let's go make out with her friends
Make out with her friends' friends
It's 3 A.M.
she won't put out
Let's go make out with her friends
MAKE OUT WITH HER FRIENDS

I want a lot of profanity
With a lot less virginity
It's a boney situation
With a wack explanation
'cause I'm on that mission
A reproductive mission
Now take my clothes off
And show me what you're made of

R:

Excuse me, do you want to screw?
Excuse me, do you want to screw?
'cause I'm so amazing in the sack
Yes, I'm so amazing in the sack

I'd rather fuck you than kiss you

I want a lot of profanity
With a lot less virginity

Now take those clothes off
And show me what you're made of

It's 3 A.M.
she won't put out

It's 3 A.M.
she won't put out
Lets go make out with her friends
Make out with her friends' friends
Make out with her friends, make out with her friends' friends (8x)
