So happy
I have lost my edge
So happy
I have lost my edge
So happy
I have lost my edge

Fuck you man!! Don't mean nothin' anymore...
Fuck you man!! Don't mean nothin' anymore..

I played it out, out, out, out...
I played it, out out out out!

I'm big enough to make up for all that I never really did
I'm big enough to make up for all that I never really did...

So Happy
I have lost my edge...

Hey fuck you man!
Don't mean nothing anymore
Fuck you man!
Don't mean nothing anymore

I played it out, out, out, out
I played it, out out out out!

I'm big enough to make up for all that I never really did
I'm big enough to make up for all that I never really did...

Make up the blush, Make it all tight?

Hey fuck you man!
Don't mean nothing anymore
Fuck you man!

Don't mean nothing anymore..
I played it out, out, out, out
I played it, out out out out!

I'm big enough to make up for all that I never really did
I'm big enough to make up for all that I never really did...

I made. it. up. to make up for all that I never really did...(3
