

Andy And I

Mind's Eye

Do you wanna go
Will you take my hand
I got all dressed up
But you're here with him

Nothing much to show
I just wanna dance
Thought I had your heart
But I'm not your man

Lost in glistening eyes
Feeding me your lies
Lead me on I don't mind

If we could be together
Andy and I
It could be sweet as heaven
With hell to fight
I know it's now or never
We're eye to eye
If we could be together
Andy and I

Andy and I, Andy and I, Andy and I
Andy
Andy and I, Andy and I, Andy and I
Andy

Do you wanna stay
Cause I'm running blind
Are you here for me?
Or just for the night
What about the way
Your lips met mine
What can I say to change your mind

It's hard to believe
You're all over me
Lead me on I don't mind
Yeah

If we could be together
Andy and I
It could be sweet as heaven
With hell to fight
I know it's now or never
We're eye to eye
If we could be together
Andy and I

Andy and I, Andy and I, Andy and I
Andy
Andy and I, Andy and I, Andy and I
Andy
Andy and I, Andy and I, Andy and I
Andy
Andy and I, Andy and I, Andy and I

Andy
