

Bedroom Eyes

Mind's Eye

Ooh oh
Ooh oh
Awake, I finally am
I feel you now
I finally can
Because we're both [?]
Light shines on your bedroom eyes
I've fallen for you
Now we, sit beside the lake
Pools of green and brown
How much more can I take
Windows of ecstasy
Doors open wide
Please open your mind
I want you by my side
I feel like a child
That stare you've got
Drives a strong man wild
I'm bleeding
Bleeding for you
Exposed I've given my all
You know that it's true you do
Now we're both [?]
Light shines on your bedroom eyes
I've fallen for you

Now we're both [?]
Light shines on your bedroom eyes
I've fallen for you
