

Bite The Bullet

Mind's Eye

Everything is wrong
Nothing feels okay
It's hard to brush it off
When everyday's the same
I'll bite the bullet, baby
I'll bite the bullet, baby
I'll bite the bullet, baby
'Cause now it's coming for me

Second time around
I'm still feeling down
This is not my house
I guess it's yours now
I'll bite the bullet, baby
I'll bite the bullet, baby
I'll bite the bullet, baby
'Cause now it's coming for me
(It's coming for me)

I'll bite the bullet, baby (oooh)
I'll bite the bullet, baby (oooh)
I'll bite the bullet, baby (oooh)
Oh, would you bite it for me?
(Bite the bullet, baby)
(Bite the bullet, hehe)
