

Die 4 U

Mind's Eye

Keeping me alive
Arrow in my side
You know I'd never pull you out

Eating me inside
I don't really mind
Just don't spit me out

Cover up my face
Let me suffocate
Take my breath away

You can cut the breaks
Send me on my way
Kiss me at the wake

I won't put up a fight
Take your knife inch it closer to me
Cause the pain feels so right
And I like how your love is deadly

You make me wanna die
For you
So baby take my life
I like how your love is deadly

You make me wanna die
For you

Always hold me down
Long enough to drown me in your love

Got me tied and bound
Alive and underground
You know how to make me crush

I won't put up a fight
Take your knife inch it closer to me
Cause the pain feels so right
And I like how your love is deadly

You make me wanna die
For you
So baby take my life
I like how your love is deadly
You make me wanna die

I won't put up a fight
Take your knife inch it closer to me
Cause the pain feels so right
And I like how your love is deadly

You make me wanna die
For you
So baby my take life
I like how your love is deadly

You make me wanna die
For you
