

Georgia

Mind's Eye

I know there's mountains in between
I know we're passing through the trees
Georgia

I'm going home
You know why
Won't be long

Can't get you off my mind, can I get you back
Wasting all this time as I retrace my tracks
I pictured your tattoos, baby you're so cool
I wanna get to know you, Georgia
I'm going home
You know why
Won't be long

I know I should have cut my ties
I said hello, then waved goodbye (showed you out)
It's so cold and you're so bright (you're so bright)
I wish we had a bit more time
Georgia

Coming back
You know why
Let's pick up the slack

Can't get you off my mind, can I get you back
Wasting all my time as I retrace my tracks
I pictured your tattoos, baby you're so cool
I need to get to know you, Georgia

Georgia, ooh
On my way
Georgia, ooh
On my way
