

wasted affairs

Mind's Eye

I'm tired of sleepin' in my bed
Thinking bout' things that you've said
Every time you come around
I feel myself going down

I want you to
Feel the same way I do
I need you to
Feel the same way I do

So honey give me your heart
I've been right here from the start
Just keep on dancing in the dark
I'll be right here when you part

I want you to
Feel the same way I do
I need you to
Feel the same way I do
I want you to
Feel the same way I do
I need you to
Feel the same way I do
