

# Long Distance Lullaby

Mindy Gledhill

Sleep settling in  
Tears soft on your skin  
Cease the war within  
And let my love in

Miles of wires in between  
Piles of message machines  
I hope that you're listening

I'm reaching through time  
Here on the other side  
To sing you these words  
To offer you my  
Long distance lullaby

I'm reaching through time  
Here on the other side  
To sing you these words  
To offer you my long distance lullaby

Bold, but never too much  
Strong, but never too tough  
Worthy as hell and you've always been more than enough

I'm reaching through time  
Here on the other side  
To sing you these words  
To offer you my  
Long distance lullaby

I'm reaching through time  
Here on the other side  
To sing you these words  
To offer you my  
Long distance lullaby

What is love  
If we're just talking to ourselves?  
Pick up, pick up!  
I'm here for you on the line

I'm reaching through time  
Here on the other side  
To sing you these words  
To offer you my  
Long distance lullaby

I'm reaching through time  
Here on the other side  
To sing you these words  
Whenever you cry  
A long distance lullaby
