

Highs And Lows

Mindy Smith

Got a lot of holes with patches
worn out shoes I could stand to lose

Shirts and jeans with paint and splatters
reminding me of times with you

Highs and lows it's how life goes
When little moments shine
Hold them close they should never be sold
'Cuz they only get better with time

Got a lot of pictures in boxes
Boxes and boxes of things I love

Now and then I open them up and
shuffle around through junk and old bills

Highs and lows it's how life goes
When little moments shine
Hold them close they should never be sold
'Cuz they only get better with time

Old notebooks, lyrics and outlooks on life and what it's about
Piles of nothing add up to something that I just can't throw out

Highs and lows it's how life goes
When little moments shine
Hold them close they should never be sold

Ooh, ooh...

Highs and lows it's how life goes
When little moments shine
Hold them close they should never be sold
'Cuz they only get better with time

They only get better with time
Those little old moments that shine
