

2 Criminals

Minelli

Baby we 2 criminals
If we kill this love
And don't fight back
To find again the road

Yeah we promised
Remember what we promised yesterday
To always be honest
Not to keep it in the closet
And I think we still got it
But we lose ourselves in so many mistakes
And that's how we hurt us
Many storms above us

And I count on u u
U can count on me
And we gon' be alright
Otherwise u know that

Baby we 2 criminals
If we kill this love
And don't fight back
To find again the road
The road to happiness
We 2 criminals
If we do give up
And kill this love
We better do our best
So come on let's clean the mess
We 2 criminals

Me no criminal
You no criminal
Us no criminals
We don' kill this love
Yeah we gon' fight for love
Cuz we both know that

Me no criminal
You no criminal
Us no criminals
We don' kill this love
Yeah we gon' fight for love

Now u know I'm on it
I want nothing else than our love to last
Back to center
Cuz what we got is treasure
And I know we still got it
But we lose ourselves in so many mistakes
And that's how we hurt us
Too many clouds above us

And I count on u u
U can count on me
And we gon' be alright
Otherwise u know that

Baby we 2 criminals
If we kill this love
And don't fight back
To find again the road
The road to happiness
We 2 criminals
If we do give up
And kill this love
We better do our best
So come on let's clean the mess

We 2 criminals
If we kill this love
And don't fight back
To find again the road
The road to happiness
We 2 criminals
If we do give up
And kill this love
