Minelli

When life gets tough, and it's no fun  
Chew chew that bubblegum  
When life gets tough, and it's no fun  
Chew chew chew that bubblegum

I woke up in the morning  
Feelin' so bored  
I dreamed 'bout things that  
I can't afford  
And I see how the present hits me  
With some bills  
Problems, troubles  
But I keep my head high

When life gets tough, and it's no fun  
Chew chew that bubblegum  
When life gets tough, and it's no fun  
Chew chew chew that bubblegum

When life gets tough, and it's no fun  
Chew chew that bubblegum  
When life gets tough, and it's no fun  
Chew chew chew that bubblegum

I'm gettin' back to bed now  
Cuz I'm feelin' so tired  
My thoughts are gettin' heavier  
Makin' me so freakin' wired  
But I still have hope  
I work on my future  
No problems, troubles  
I keep my head high

When life gets tough, and it's no fun  
Chew chew that bubblegum  
When life gets tough, and it's no fun  
Chew chew chew that bubblegum

When life gets tough, and it's no fun  
Chew chew that bubblegum  
When life gets tough, and it's no fun  
Chew chew chew that bubblegum

And now make it round round round  
Chew that bubblegum  
Now make it big big big  
Then stop and repeat  
Chew that bubblegum

When life gets tough, and it's no fun  
Chew chew that bubblegum  
When life gets tough, and it's no fun  
Chew chew chew that bubblegum

When life gets tough, and it's no fun  
Chew chew that bubblegum  
When life gets tough, and it's no fun

Chew chew chew that bubblegum
