

Bug a Boo

Minelli

I ain't got no time for fake
Fake love, fake friends, fake nothing
And if you're bug a boo, I'm not into you
Don't even think about coming around me

I don't do red flags, I don't
I'm all into white flags
Better being alone
Than surrounded by many fake tags, oh no
And if you're just a bug a boo
Don't even think about coming around me, no

No red flags, oh no
I'm all into white flags
Better being alone
Than surrounded by many fake tags, oh no
And if you're just a bug a boo
Don't even think about coming around me, no no

I ain't got no time for fake
Fake love, fake friends, fake nothing
And if you're bugaboo, I'm not into you
Don't even think about coming around me, no no

Bam baram baram babam
Bigidibam bigidibam bigidibabam
And if you're bugaboo, I'm not into you
Don't even think about coming around round round

Okay now, bye
If you're telling me nothing
I'm not into games
I see on your face you're hiding me something
Could you just give me one thing that is real?
You're having a smile that I'm willing to kill
Go wipe it off 'cause I don't wanna blow
Don't wanna be mean now

I ain't got no time for fake
Fake love, fake friends, fake nothing
And if you're bugaboo, I'm not into you
Don't even think about coming around me, no no

Bam baram baram babam
Bigidibam bigidibam bigidibabam
And if you're bugaboo, I'm not into you
Don't even think about coming around-round-round

Okay now boom badoom badoom
Bigidiboom boom boom badoom badoom
Bigidiboom boom boom badoom badoom
Bigidiboom boom
Don't even think about coming around me, no no

I can't stand, no
All this superficial
Is something I won't commit to

No bug will break my system, my soul
Ice cold, just
Superficial
No beliefs and no ambitions
That ain't my type, so

So I ain't got no time for fake
Fake love, fake friends, fake nothing
And if you're bugaboo, I'm not into you
Don't even think about coming around me, no no

Bam baram baram babam
Bigidibam bigidibam bigidibabam
And if you're bugaboo, I'm not into you
Don't even think about coming around-round-round

Okay now boom badoom badoom
Bigidiboom boom boom badoom badoom
Bigidiboom boom boom badoom badoom
Bigidiboom boom
Don't even think about coming around me, no no

I ain't got no time for fake
