

# Chop Chop

Minelli

Let's go chop chop  
Don't keep me waiting  
Move chop chop  
Less hesitating  
If you and me  
We're on the same thing  
Chop chop  
Love love me right now

Bebe you did it the right way  
Yeah we've takin' it slow  
But we're goin' around and around and around  
In circle's though

Maybe I'm losin' my patience  
Maybe I'm losin' control  
Cause you know I want you around and around  
But you stopped when you should go

Let's go chop chop  
Don't keep me waiting  
Move chop chop  
Less hesitating  
If you and me  
We're on the same thing  
Chop chop  
Love love me right now

Let's go chop chop  
Don't keep me waiting  
Move chop chop  
Less hesitating  
If you and me  
We're on the same thing  
Chop chop  
Love love me right now

If you not gonna kiss me  
Don't dance so close  
Why would you tease me and leave me  
The feeling like I don't know

So  
Don't you ya  
Don't you waste time chasin'  
Don't you try my patience  
Why don't you finally make it  
Chop chop

Let's go chop chop  
Don't keep me waiting  
Move chop chop  
Less hesitating  
If you and me  
We're on the same thing  
Chop chop  
Love love me right now

Let's go chop chop  
Don't keep me waiting  
Move chop chop  
Less hesitating  
If you and me  
We're on the same thing  
Chop chop  
Love love me right now

And there you go now  
There you go now  
There you go now  
There you go  
You close the door  
Now every time we gettin' close

Let's go chop chop  
Don't keep me waiting  
Move chop chop  
Less hesitating  
If you and me  
We're on the same thing  
Chop chop  
Love love me right now

Let's go chop chop  
Don't keep me waiting  
Move chop chop  
Less hesitating  
If you and me  
We're on the same thing  
Chop chop  
Love love me right now
