

## Empty Spaces

Minelli

Tell me why you're crying  
As I can see the faith in your eyes  
And I feel that you'll be falling  
Don't you know you're not alone now

Crying  
Now I can see the faith in your eyes  
And I feel that you'll be fallin'  
Tell me where you wanna go

Sometimes you hide  
You slide to empty spaces  
Cause you don't know who you are  
To find, to find the light

Sometimes you hide  
Sometimes you search for places  
Tryin to find out who you are  
Just find, to find the light

And now the day is dawning  
You gotta break the silence  
Cause I, I don't wanna see you fallin'  
Don't you know you're not alone now

Risin', you gotta break the silence  
Cause I, I don't wanna see you fallin'  
Don't you know where you wanna go

Sometimes you hide  
You slide to empty spaces  
Cause you don't know who you are  
To find, to find the light

Sometimes you hide  
Sometimes you search for places  
Tryin to find out who you are  
Just find, to find the light
