

Fantasy

Minelli

You got the energy, touch me so magically
We could be so much more than fantasy

I'm all alone, a rolling stone
But I'm so tired of letting go what I want
So now I'm on, a treasure hunt
Oh, you could turn all my silver to solid gold

You got the energy, touch me so magically
We could be so much more than fantasy yeah yeah
That's my philosophy, oh you could set me free
We could be so much more than fantasy yeah

You got the energy, touch me so magically
We could be so much more than fantasy yeah yeah
That's my philosophy, oh you could set me free
We could be so much more than fantasy

Got me obsessed, ain't got no rest
So if you'll love me and leave me, just let me know
Don't let me crash, cardiac arrest
Gotta be where you, where you wanna go yeah

You got the energy, touch me so magically
We could be so much more than fantasy yeah yeah
That's my philosophy, oh you could set me free
We could be so much more than fantasy yeah

You got the energy, touch me so magically
We could be so much more than fantasy yeah yeah
That's my philosophy, oh you could set me free
We could be so much more than fantasy yeah

You got the energy, touch me so magically
We could be so much more than fantasy yeah yeah
That's my philosophy, oh you could set me free
We could be so much more than fantasy
