

# Heart Instruction

Minelli

My heart wasn't made to be broken  
My heart was made for love  
And if we left some words unspoken  
Baby, speak your mind

You know I-I care about it  
And I love the way we started  
Don't wanna end up broken hearted  
And I'm givin'  
Yeah, I'm givin'

Givin' you my heart instructions  
Just to have the perfect start  
Givin' you the right directions  
And you, you discover every part, every, every, part

Heart instructions  
Just to have the perfect start  
Givin' you the right directions  
And you, you discover every part, every, every, part

(Just to have the perfect start

And you, you discover every part, every, every, part)

You should hold me and listen to me, darlin'  
You should press my buttons right  
And could you be by my side when I'm callin'?  
When I speak my mind

You know I-I care about it  
And I love the way we started  
Don't wanna end up broken hearted  
And I'm givin'  
Yeah, I'm givin'

Now I finally met someone  
And I don't need to run  
Don't wanna run  
And I want us to become one  
To call you my love  
That's why
