

# Tonight

Minelli

I just wanna party  
Looking for somebody I just wanna taste tonight  
I just wanna party  
Looking for somebody

I just wanna rock again that feeling  
And I'm ready to be drifting on the ceiling  
I'm bringing all the good vibes in a minute  
Yeah I wanna give this party another minute

And I just wanna party  
I'm looking for somebody I just wanna taste the fun tonight  
Yeah I just wanna party  
I'm looking for somebody I just wanna taste the fun tonight

I just wanna party  
Looking for somebody I just wanna taste the fun tonight  
I just wanna party  
Looking for somebody I just wanna taste the fun tonight

Party  
Taste the fun tonight  
Party  
Taste the fun tonight

Ri-ri-ride, I'm on that funky flight  
I feel electrified tonight  
Toni-ni-night only by you and I  
I'll be you satellite tonight

And I just wanna party  
I'm looking for somebody I just wanna taste the fun tonight  
Yeah I just wanna party  
I'm looking for somebody I just wanna taste the fun tonight

I just wanna party  
Looking for somebody I just wanna taste the fun tonight  
I just wanna party  
Looking for somebody I just wanna taste the fun tonight

Party  
Taste the fun tonight  
I just wanna party  
Looking for somebody I just wanna taste the fun tonight
