

Death Is A Girl

Mini Mansions

The love I know not above forgotten overnight
Live in the light
Air tight

The love I've no question of impossible designs
Live in the light
Thinking you're right

Oooh they call you Gloria.
Live in the light,
Air Tight

Oooh they call you Gloria,
Live in the light
Thinking you're right

Even if your lips have lost their red,
You can always paint the rose instead,
You can make it easy,
You don't know what you want, if you wanted.
Even if your respirators leave,
I never stuck around to breathe

I'm not afraid of the light,
I never wanted to die
I want to live in a world where there's only one day

I'm not afraid of the light,
I never wanted to die
I want to live in a world where there's only one day

You gotta live in a world where there's only one day
So maybe death is a girl and she's only one dance away

The love I sought not enough, erotic enterprise
Live in the light
Air tight

The love a cross section of imaginary lines,
Live in the light,
Thinking you're right.

Oooh they call you Gloria.
Live in the light,
Air Tight

Oooh they call you Gloria,
Live in the light
Thinking you're right

Even if the love was not in vain,
Even if the gods forgot their names
You can make it easy,
You don't know what to want, if you wanted,
Even if the sun's about to show,
I never stuck around to know

I'm not afraid of the light,
I never wanted to die
I want to live in a world where there's only one day

I'm not afraid of the light,
I never wanted to die
I want to live in a world where there's only one day

You gotta live in a world where there's only one day
Death is a girl and she's only one dance away.
