Mini Mansions

Take a step do not pass go
I'm not a playa but I've a deck of trick cards
You say jump I say how low
I'm not a lover but I've a glitch for a heart
Take a step do not pass go
I'm not together but I've connectable parts
Here's another wish I'll blow

I wanna finish that line I never could start
Finish that line I never could start
Finish that line I never could...

Ohhhhhh
My legs are tightening
Ohhhhhh
Your voice is lightning
Ohhhhhh, ohhhhhh, ohhhhhh

Ohhh
Add it up
You're in all my fantasies
I can send it with my body after the end of the show
Ohhh
Add it up
You're in all my fantasies
I can send it with my body

Take a step do not pass go
I'm not a killer, but I've a tank of pet sharks
Should I stay or should I go?

I wanna finish that line I never could start
Finish that line I never could start
Finish that line I never could...

Ohhhh
I think I lost the light
Ohhhhhh
Who brought the dynamite?
Ohhhhhh, ohhhhhh, ohhhhhh

Ohhh
Add it up
You're in all my fantasies
I can send it with my body after the end of the show
Ohhh
Add it up
You're in all my fantasies
I can send it with my body after the end of the show

Ohhh
Add it up
You're in all my fantasies
I can send it with my body after the end of the show
Ohhh
Add it up
You're in all my fantasies

I can send it with my body
