Mini Mansions

Waking up from an aerial dream, did I lock up all the doors, did I make the team.

All the guys at my gym put their pockets away, fucking lucky if they live through today

Cocaine magnet, crazy kazoo, dinky-diabetic's hanging up on you
Liquidate everything and let's go for a ride, don't even tell your mother.

I'd do it all again, I do it all the time

Going over the edge Evil Knievel divine, I can't trip to get over you

Got a spider underneath my bed, I got a paper centipede eating up my head,

All the girls at my school are ventriloquists, tricky dicky hip popotamus,

Monkey vampires, mini shampoos, paranormal peaches hanging over you,

Put your face on the dash and let's go for a ride, don't even tell your mother.

I'd do it all again, I do it all the time

Going over the edge Evil Knievel divine, I can't wait to wake up from you.

Who'd of thought that the man in the wall, is he pink, does he bleed, does he move at all?

Their demise is deadbeat dynamo door, listen up so you can't hear me no more.

Fascist magic, poisonous teeth, purple dioramas in a cavity.

Put your face on the dash and let's go for a ride, don't even tell your mother

I'd do it all again, I do it all the time

Going over the edge Evil Knievel divine, I can't wait to wake up from you
