

# Midnight In Tokyo

Mini Mansions

Every moment, I need you around  
Long nights in the valley  
Make a good girl go down  
Night drive lover, ride a blue million miles  
I'd go for ever babe  
Make a good girl go wild

Baby, who's your man?  
Baby, who you dreaming of?  
Only want to do it like you want to do  
Baby, who's your man?  
Baby, who you dreaming of?  
Only want to do it like you want to do

All we got to lose  
Is just a love that'll never survive  
And all we got to lose  
Is just a love that'll never survive

You got me feeling like I'm lost  
Now there's nothing else  
You got me feeling like I'm lost  
Now there's nothing else  
You got me feeling like I'm lost  
Now there's nothing else (in the world)  
You got me feeling like there's no one else  
You got me feeling like I'm -

I lost my head in Japan, yeah  
Midnight in Tokyo  
Permanent love from a one night stand  
Cross my heart, hope to die  
Our love in technicolor

Where have I been?  
Have we grown apart?  
(Baby, who's your man? Baby, who you dreaming of?)  
We're modern lovers  
(Baby, who's your man? Baby, who you dreaming of?)  
It's just the start  
(Baby, who's your man? Baby, who you dreaming of?)  
Of the end  
(Baby, who's your man? Baby, who you dreaming of?)  
There's no road ahead

You got me feeling lost  
Now there's nothing else (in the world)  
You got me feeling like I'm lost  
Without your love (in the world)  
You got me feeling like I'm lost  
Now there's nothing else (in the world)  
You got me feeling like there's no one else  
You got me feeling like I'm -
