

## Shadow

## Mini Mansions

Think it's only a phase  
An immaculate maze  
When I'm only dreaming  
Well, I can't touch the noise  
And I can't kiss your voice  
When you tell me I'm sleeping

Well, who's in the room?  
Feels like a tomb  
Did you get in my dream?  
Can't ask you for more  
Just then open the door  
And walk out of my dream

You wanna show me the stars  
They're made of cheap, plastic cars  
Did you get in my dream?  
Well, here's to the end  
I bid farewell to my friends  
I'm walking out of my dream

Ooh, ooh...  
Do do do...

Gold-eye, satin, band  
Lowlife, diamond, hands
