

This Bullet

Mini Mansions

This bullet's gonna make my dreams come true
This bullet's gonna make me feel new
This bullet's the only thing I got to lose
Yeah this bullet's gonna make me love you

Some bullets make cowboys wanna dance
Some bullets make scalpers necromance
If I got a choice it ain't mine to choose
Cause this bullet's gonna make me love you
Yeah this bullet's gonna make me love you

Some shoot it high and some aim it low
Some make it quick and some take it slow
Well it's comin' even if it takes me too
Yeah this bullet's gonna make me love you

Take off your vest

This bullet's gonna make my dreams come true
This bullet's gonna make me feel new
This bullet's the only thing I got to lose
This bullet's gonna make me love you
Yeah this bullet's gonna make me love you
Yeah this bullet's gonna make me love you
Yeah this bullet's gonna make me love
