

Gold Skull

Miniature Tigers

Think I'll stay home and chill out here tonight
I'm turnin' off my cell phone
And I will shine in the sky as the sun with sunglasses
And I need to take a break

I watched my mind go down in the smoke and I can't look
(Look away, look away, look away, look away, look away)
I watched your tides go through my window and I can't say
(Look away, look away, look away, look away, look away)
(Ooh, ooh)
Neon gold skull

Found myself alone and on your couch last night
In a black hole of misery
And I will shine in the sky as the sun with sunglasses
And I need to take a break

I watched my mind go down in the smoke and I can't look
(Look away, look away, look away, look away, look away)
I watched your tides go through my window and I can't say
(Look away, look away, look away, look away, look away)
(Ooh, ooh)
Neon gold skull

I watched my mind go down in the smoke and I can't look
(Look away, look away, look away, look away, look away)
I watched your tides go through my window and I can't say
(Look away, look away, look away, look away, look away)
(Ooh, ooh)
