

Oblivious

Miniature Tigers

Lately I feel like a blown out birthday candle
One look in the mirror and I know the party's over
And yeah, I want a big house
With a swimming pool
Fuck it, baby, I got you
(Fuck it, baby, I got you)

I'm so lost in my head
It's way too real out there
I'm lost in a daydream
Oh yeah, I don't care
I'm oblivious, yeah

Spaced out in a daze, I couldn't hear you
The music drowns you out, I didn't care
Oh yeah, I didn't care
I know you want a quiet house
With a lemon tree
I'm sorry, baby, you're stuck with me
(Sorry, baby, you're stuck with me)

I'm so lost in my head
It's way too real out there
I'm lost in a daydream
I don't care

I'm oblivious, yeah
I'm oblivious, oh
I'm oblivious, yeah
I'm oblivious, oh whoa

Your love, girl, ain't no dungeon
So tell me, why do I run then?
Tomorrow, you can scold me
Tonight, can you just hold me
As if you didn't know?

I'm oblivious, yeah
I'm oblivious, ooh
I'm oblivious, yeah
I'm oblivious, oh whoa
I'm oblivious, yeah
I'm oblivious, oh
I'm oblivious, yeah
I'm oblivious, oh whoa
