

Selfish Girl

Miniature Tigers

Here comes the selfish girl
Who rules my word
Yeah I need you
Even though you don't need me
Yeah you're so mean

I can't live without you
Baby baby chill the fuck out there's no way out
And I'm not leaving
Even though you waste my time
Girl you changed my life
Oh yeah you did

Selfish girl, selfish girl
Selfish girl, selfish girl
Brainwashed and calling your name
Turned up insane
I'm fiending for you
Call it whatever you want
Don't confuse it with love
'Cause I don't need that

I need you to cool my head
Set fire to my bed
And stay here with me
Even though I waste your time

Girl you changed my life
Oh yeah you did

Selfish girl, selfish girl
Selfish girl, selfish girl
Nothing I can do is ever gonna change you
I can't ch-change you
Nothing you can say is ever gonna change me
I can't ch-change me

I always thought
Ooh
I could change you, couldn't change you
Change you, change you, yeah

Selfish girl
