

Vanish into U

Miniature Tigers

Don't run away from us now
We're on the verge of something beautiful
I promise I'd never hurt you
Yet here I am again breaking this up

I thought I could do it
But I'm falling to pieces
Gone with everything in my life
There goes my identity
Along with the seasons
Always end up watching myself

Vanish into you
Vanish into you
It's all I ever do
Vanish into you

I lose myself in relationships
I seem to do that a lot
My therapist says it's a problem
That I can't ever keep what I've got

I can't be the one if I'm never around
I'm always somewhere else in my head
And you only want the fictional version
Of the person you think I am

Vanish into you
Vanish into you
It's all I ever do
Vanish into you
